GOLD CUP

Here it is! Gold Cup—the first yellow Floribunda to win an AARS award. This remarkable Rose combines a pleasing fragrance with an abundance of large golden yellow, non-fading blooms produced in clusters on strong upright stems. This hardy Rose, with its fragrance, color and dark green foliage, gives everything you could ask for in a yellow Floribunda. Find a place for this Rose in your garden "today."

PRICES: 2-yr. No. 1 plants \$2.50 each; 3 or more, \$2.25 each. Extra heavy selected plants, \$3.00 each.

WHITE KNIGHT

They said it couldn't be done! But here it is—the perfect white Rose, White Knight. This grand new hybrid Tea stands head and shoulders above any other white Rose you've ever seen. First of all it is white—really white! When fully open its pristine purity is marred by no other color. This free-blooming Rose has perfect, elegantly shaped buds which open into impressive, perfect shaped blooms. A strong upright grower with good foliage and erect stems. Excellent for cutting, offering the loveliest of white flowers that stay white throughout the life of the bloom.

PRICES: 2-yr. No. 1 plants, \$3.00 each; 3 or more \$2.75 each. Extra heavy selected plants, \$3.50 each.

FUSILIER

Rich, brilliant, orange-red Floribunda, with eye-catching qualities. Frilled, wavy blooms are borne in immense clusters, giving this outstanding Floribunda a luminous effect against its background of dark green glossy foliage. Your Rose garden can't be complete without this grand new Floribunda.

PRICES: 2-yr. No. 1 plants, \$2.50 each; 3 or more, \$2.25 each. Extra heavy selected plants, \$3.00 each.

CONDESA DE SASTAGO. A fiery copper on the inside and rich gold outside. Fragrant, beautiful bloom on long stems. Tough, leathery foliage makes this a hardy Rose.

CRIMSON GLORY. The best velvety red Rose we offer. Now off the patent list, you can enjoy this beauty at no extra cost. Perfectly formed buds.

ECLIPSE. Perfect blooms of clear soft yellow borne on a long stem. Buds are extremely long. Vigorous grower and free flowering. Now off patent list.

EDITOR McFARLAND. A bright, clear pink Rose. Its healthy bush and long lasting buds combine to make this Rose a "must" for your garden.

ETOILE DE HOLLANDE. Perfect buds on upright stems make this the standard for judging red Roses. Unfading bright red. Hardy and excellent for cutting.

FRAU KARL DRUSCHKI. In all our search for a better white Rose, we still pick this one for perfect buds and delicate flowers. A fragrant Rose borne on an extremely healthy bush.

K. A. VICTORIA. A beautiful Rose widely acclaimed for its abundance of creamy white buds. These buds are excellent for cutting and very fragrant.

PINK RADIANCE. Most popular pink Rose grown. No bush can match the Radiance for hardiness and free blooming habits. A large, very double flower.

POINSETTIA. Its exciting red color and long-lasting, elegantly pointed buds make this vigorous Rose one you will be proud to own.

PRESIDENT HOOVER. A striking cerise and gold combination. Strong bush that contains many long, sturdy stems. Healthy foliage.

RED RADIANCE. Popular deep red Rose. Exceptionally hardy bushes. If you have room for one Rose, make it Red Radiance.

TALISMAN. Exquisitely formed Rose of orange-scarlet and golden yellow. Long, stiff stems and richly fragrant.

YELLOW CONDESA. Double flowers of rich gold; spicy fragrance. We think the best yellow Rose grown.

GOLDEN CHARM. A vigorous, healthy Rose with soft golden colored blooms borne on long, upright stems. A beauty for cutting or for your garden.

CALIFORNIA GROWN —

Floradora
Floribunda Rose

These are the easiest type of Roses to grow and rapidly becoming the most popular. They are ideal for planting along your entrance walk, driveways, in front of evergreens, in solid beds or in cemeteries. They will bloom in your garden constantly, from June until frost and will last for many years. Each bush will be completely covered with large clusters of lovely Roses, often as many as 50 or more to a single plant. Hardy as any shrub. Blooms first year.

FLORADORA. A showy, vigorous Floribunda with a color entirely different in Roses. Scarlet to a spectacular geranium-red. AARS Winner, 1945. **PRICES:** Heavy 2-yr. No. 1 plants, \$1.25 each. Extra heavy jumbo selected plants, \$1.50 each.

IMPROVED LAFAYETTE. These ripe-cherry-red Floribundas are hard to beat for beds and border plantings. Vigorous, healthy plants that produce semi-double blooms of exquisite beauty and fragrance. Plant Improved Lafayette for outstanding beauty in your yard or garden. **PRICES:** 2-yr. No. 1 plants, \$1.25 each; 3 or more, \$1.15 each. Extra heavy selected plants, \$1.50 each.

CIRCUS. All-America Winner for 1956. The first multi-colored Floribunda in AARS history. Each perfect little bud of bright yellow and red, opens to fragrant, long lasting blooms in big clusters. The colors change through tones of orange, clear yellow, buff and pink with a final flourish of bright red. Limited supply so order early. **PRICES:** 2-yr. No. 1 plants, \$2.50 each; 3 or more, \$2.20. Extra heavy selected plants, \$3.00 each.

Ozark's FLOWERING

Calycanthus

CALYCANTHUS (Sweet Shrub). Also known as Carolina Allspice. Deliciously fragrant chocolate-red flowers produced in June. Odd looking pods develop later which are filled with brown aromatic seeds. Glossy corrugated foliage adds to its unusual charm. Grows 4 to 6 feet, and will endure shade.

CALICARPA DICHOTOMA (Beauty Berry). A graceful, dwarf growing shrub with white flowers in July and August followed by masses of bluish purple berries. This hardy and vigorous growing plant will add beauty to any landscape. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

CARAGANA (Siberian Pea Shrub). Medium growing shrub with bright yellow pea-shaped blooms borne in clusters on single stems, making them very showy. Beautiful foliage of feathery-like leaflets. This hardy shrub is easily grown in any garden soil, preferably in full sunlight. **PRICES:** 2 to 3 ft., \$1.25 each. 18 to 24 in., \$1.98 each.

COTONEASTER DIVARICATA. A low growing graceful shrub with leaves of highly polished dark green. Flowers of rose-pink appear in June followed by brilliant red fruit in August. Few shrubs equal Cotoneaster Divaricata for use where a low-growing shrub is needed. **PRICES:** 2 to 3 ft., \$1.25 each. 18 to 24 in., 98c each.

DWARF WHITE DEUTZIA (Deutzia Gracilis). A charming little "must" for every garden that seldom grows more than 2 or 3 feet high. Makes a fountain-like bush, attractive at all times of the year. In May it is covered with an astonishing profusion of delicate snowy white flowers. Does well in light shade and is well adapted for low edging to walk or paths, excellent in clumps in the foreground of other shrubbery. **PRICES:** 12 to 15 in., 98c each; 3 or more, 89c each. 15 to 18 in., \$1.25 each; 3 or more, \$1.15 each.

DWARF PINK DEUTZIA (Deutzia Gracilis Rosea). A very bright and cheerful dwarf shrub that seldom grows more than 3 feet. In May there is a superabundance of delicate pink flowers in clusters covering the entire plant. Beautiful throughout the year with narrow foliage in gracefully drooping branches. Especially good for plantings along walks, drives and foreground of other shrubbery. Does equally well in sun or light shade. **PRICES:** 12 to 15 in., \$1.25 each; 3 or more, \$1.15 each. 15 to 18 in., \$1.49 each; 3 or more, \$1.39 each.

FORSYTHIA (Golden Bell). Spring's early beauty. Blooms first in spring and its lovely bright yellow flowers light up the entire yard. Grows 6 to 8 feet tall and nearly as wide. Will grow anywhere. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

LYNWOOD GOLD FORSYTHIA. A fine new Forsythia only recently brought over from Ireland. It has a pleasing deep yellow colored flower that is borne profusely on the branches from top to bottom. Cut some limbs to flower indoors during the winter. Here is the finest of additions to your flowering shrub bed. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

Beauty Bush

ALTHEA (Rose of Sharon). Large, double flowers and fancy green leaves. Blooms from mid-July to frost. Very popular and considered to be one of the showiest of midsummer flowers. A hardy grower (8 to 10 ft.). Choice of colors: Double Red, Double White, Double Pink, Double Purple. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

PINK FLOWERING ALMOND. Another one of spring's early beauties but one of the most outstanding. A small shrub with an abundance of double, Rose-like flowers, closely set upon twigs, before the leaves appear in early spring. Plant Pink Almond, Red Flowering Quince and Forsythia together and make your yard the show place in spring. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.25 each.

BEAUTY BUSH. This charming shrub is magnificent as a specimen, in group planting or for an untrimmed hedge. In the spring the graceful arching branches are completely covered with lovely pink blossoms, delightfully fragrant. Grows in ordinary soil in sun or part shade. Will be a beauty spot in your yard. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

BUTTERFLY BUSH (Summer Lilac). A showy shrub that blooms profusely and continuously from early summer to frost. Flowers are huge and very fragrant. In winter the tops die down but come up even more vigorously from the roots in spring. Grows to a compact shrub 4 to 5 feet tall. Your choice of the following lovely colors: Pink, Purple, Red, White. **PRICES:** Heavy, No. 1 plants, 98c each.

HYDRANGEA P. G. The most striking of all shrubs. It produces huge white, cone-shaped flowers in August, turning pink, and finally bronze in September. Ideal for cut flowers. Exceptionally hardy. Grows 3 to 4 ft. Blooms first year. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

HYDRANGEA A. G. An early blooming shrub that has immense snow-white blooms, very full and round. Perfectly hardy, thrives everywhere, but does better in shady places. Grows from 3 to 4 ft. tall and blooms from June until August. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

BLUE HYDRANGEA. Hardest of all Hydrangeas. Immense flower heads 12 to 15 inches in diameter last many weeks. Flowers pink in ordinary soil, in acid soil they are blue. Make soil acid by watering twice a month with 1 tablespoon of aluminum sulphate per gallon of water, or by mixing acid peat moss with soil half and half. **PRICES:** Heavy, 2-yr. plants, \$1.89 each; 3 or more, \$1.60 each. Medium plants, \$1.49 each; 3 or more, \$1.30 each.

HYPERICUM (Pot of Gold). A beautiful, low-growing shrub of glossy green foliage with a brilliant mound of dazzling gold flowers all summer. Flowers are large, about 2 to 3 inches in diameter, very showy. Perfect for contrast in foundation plantings. **PRICES:** No. 1 plants, \$1.49 each; 3 or more, \$1.35.

POTENTILLA. A charming small shrub with fine, almost feathery, dark green foliage and very compact growth. Ultimate height 2 to 2½ ft., making it excellent for under windows. Beautiful Buttercup-like flowers June until October. **PRICES:** No. 1 plants, \$1.49 each; 3 or more, \$1.35 each.

PUSSY WILLOW. A beautiful round foliage shrub in the summer, with dainty silvery pink flowers in the winter. This is not the wild Pussy Willow but a fine cultivated variety. Plant one in your yard and take cuttings from it, placing them in water inside the house and watch them unfold their silvery pink catkins. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.39 each.

RED FLOWERING QUINCE (Cydonia Japonica). Attractive shrub producing loads of brilliant scarlet flowers, charmingly arranged along stems in early spring, before foliage appears. Foliage green tinged maroon and very striking. Hardy, strong grower. Blooms first year. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

RUSSIAN OLIVE. A small tree or large shrub that seldom grows more than 20 feet. Silvery gray foliage makes it stand out among prevalent green trees. In fall orange berries are coated with silvery scales and are very showy. A tree that should be on every lawn. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

ROSE ACACIA. This lovely plant is completely covered with drooping clusters of deep rose-colored flowers resembling pea blossoms. Adapted to almost every soil and can be used in any garden, large or small. Blooms late May and June, just after early shrubs and just before late ones. Be the envy of your neighborhood, plant Rose Acacia in your garden. **PRICES:** 2 to 3 ft., \$1.25; 3 to 4 ft., \$1.49.

TAMARIX. An attractive, tall growing shrub with charming feathery, green foliage and brilliant pink flowers in May. Can be pruned to any desired height and will grow anywhere. Our selected strain is by far the best. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

VITEX (Chaste Tree). A lovely shrub that will start blooming in early summer and continue till late fall. Flowers are delightful lavender-blue on long branching spikes. Grows 6 to 8 feet with big palmate foliage. Fine for hot, wet, or dry locations. Not fussy at all. Will suggest a friendly welcome to your lawn. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

CRAPE MYRTLE. Often called the South's most beautiful shrub and can be grown as far north as Kansas City. Very hardy and blooms on new growth similar to Roses; so cut back severely each spring. Will bloom this summer and each year from midsummer to frost. Our new striking colors are much improved over the old strain. Red, Pink, Purple and White. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

EUONYMUS ALATUS COMPACTA. Dwarf, compact shrub with large, thin-textured leaves turning to deep warm crimson in autumn. Bark is corky and spreads out in flat wings of most interesting character. Very useful for masses in landscape planting. **PRICES:** 12 to 18 in., \$1.69 each; 3 or more, \$1.60 each. 18 to 24 in., \$1.98 each; 3 or more, \$1.89 each.

HONEYSUCKLE FRAGRANTISSIMA. Very delightful shrub with a delicious fragrance in tiny waxen flowers of white which are produced early in spring before leaves appear. Foliage is rich dark green till midwinter. Beautiful white flowers are followed by masses of glittering red berries. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

HONEYSUCKLE ZABELI (Red Bush Honeysuckle). The finest, most attractive of all Bush Honeysuckles plus a distinctly new color of bloom. Deep red flowers of most exquisite fragrance are followed by brilliant red berries that ripen in midsummer and cling to the bush for several months. Look over your yard and you will find spots where this shrub will help make your home more attractive. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

Spirea Van Houttei

KERRIA JAPONICA FLORA-PLENA (Globe Flower). Truly year around beauty. Often called Globe Flower since the lovely durable golden flowers have a ball-like shape similar to button Chrysanthemums. Plant grows vigorously and attains a maximum height of 4 to 5 ft. Bushy in habit with many bright green stems, attractive all winter. Give it a sunny location in front of other shrubbery and its golden blooms all summer will be a pleasure. Flowers last well in water and are excellent for cutting. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

WHITE KERRIA. A beautiful low growing shrub similar to the yellow Kerria but with snow-white flowers. Blooms in the spring and off and on during the summer. Its beautiful white blossoms are followed by black bead-like fruit that hangs on all winter. A good plant for that shady spot on the north side of the house. **PRICES:** 2 to 3 ft., \$1.25 each. 18 to 24 in., 98c each.

HYBRID FRENCH LILACS. The most fragrant and beautiful of all Lilacs. Have bloomed already in the nursery row and will flower for you the next year after planting. Hardy, grows 6 to 8 feet and does not sucker like the old-fashioned Lilac. Lovely as a single bush, a mass planting is breathtaking. Your choice of colors: Red, Pink, White, Blue and Purple. **PRICES:** 12 to 18 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

PERSIAN LILAC. A more profuse bloomer of large clusters of flowers than the common Lilac; and does not sprout from roots. Starts blooming the first year and grows 6 to 8 feet high. Exceptionally vigorous. Plant one near your bedroom window and wake up to its pleasing fragrance. Choose from these beautiful colors: Pink, White and Purple. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

SNOWBALL. An old favorite, still popular and impressive in the spring. Large, white, snowball-like blossoms almost cover the shrub. Strong, heavily rooted plants. **PRICES:** 12 to 18 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.39 each.

SWEET MOCK ORANGE. Mother Nature's perfume of the garden. This beautiful, sweet scented shrub blooms heaviest in May and June, but single orange-white blossoms can be seen almost any day during the summer. Fine for foundation and group plantings. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

MINNESOTA SNOWFLAKE. (Plant Pat. No. 538.) A beautiful outstanding, sweet-scented Mock Orange. Every blossom on this profuse bloomer is very double. A graceful, well-branched shrub retaining its foliage longer and better than most of the Mock Oranges. **PRICES:** 18 to 24 in., \$1.49 each; 3 or more, \$1.35 each. 2 to 3 ft., \$1.98 each; 3 or more, \$1.85 each.

DOUBLE MOCK ORANGE. Lovely, large, double, white flowers in great profusion in May-June and through the summer. Deliciously fragrant. Makes a neat, graceful and very beautiful bush. 6 to 8 ft. tall. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

GOLDEN MOCK ORANGE. A beautiful Mock Orange distinguished by its golden colored foliage and four-petaled white flowers with conspicuous yellow anthers. Its unusual foliage and brilliant flowers plus its usefulness in almost any landscape, make this shrub a must for your garden. Very fragrant. Blooms in May and June. Does best in full sun or partial shade. 12 to 18 in., \$1.98 each.

RED LEAF BARBERRY. A strikingly brilliant shrub that is very attractive and decorative in any planting. Has lustrous red foliage all summer and is followed by red berries in fall and most of the winter. Plant Red Leaf Barberry in sun to retain good color. Grows 3 to 4 feet high. **PRICES:** 15 to 18 in., 98c each; 3 or more, 89c each. 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each.

BLUE MIST SPIREA. Fills the need for an attractive low growing shrub. The powder-blue flowers give it a misty appearing bloom from August until frost. Narrow silvery green foliage adds to the appearance. Cut off old tops every spring for best results. 12 to 18 in., 98c each; 3 or more, 89c each. 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each.

SPIREA BILLIARDI (Lilac Spirea). Rose colored flowers in large cone-shaped spikes that bloom nearly all summer. Fine for cut flowers, showy in any landscape. 4 to 5 ft. high. Excellent for untrimmed hedge. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

SPIREA, DWARF WHITE (Spirea Callosa Alba). Grows and looks very similar to Spirea Anthony Waterer, except it is completely covered in spring with sparkling white flowers. Something new and unusual that is really worth while. **PRICES:** Heavy, 12 to 15 in., 98c each; 3 or more, 89c each. 15 to 18 in., \$1.25 each; 3 or more, \$1.15 each.

SPIREA VAN HOUTTEI. One of the most common but still one of the most beautiful of all shrubs. Covered with glamorous, tiny pure-white flowers on graceful drooping branches in early spring. Also makes a beautiful untrimmed hedge. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

GOLDEN VICARY. A beautiful, compact, ornamental foliage shrub with masses of golden yellow leaves all season. Very hardy and can be kept trimmed to any desired height. Excellent for planter boxes, sidewalk borders, or individual specimens. Grown in full sun they will add a splash of color to any landscaping. **PRICES:** 9 to 12 in., 98c each; 3 or more, 89c each. 12 to 15 in., \$1.25 each; 3 or more, \$1.15 each.

CARDINAL SHRUB (Weigela Vaniceki). When the Cardinal Shrub was introduced it was so unusual, so outstanding, so spectacular, that everyone who saw it absolutely had to have a Cardinal Shrub in his own yard. It is hardy throughout the United States and blooms the first year. Produces in abundance, large red trumpet-shaped flowers in spring, summer and fall. We wish you could see them blooming in our fields—truly a joy to see. Certainly a plant that deserves a place in your yard. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

GOLDDROP WEIGELA (Weigela Variegated). An attractive new shrub with handsome green leaves, but the true beauty comes from the golden white edges around the leaves. To add to this beauty are pink, trumpet-shaped flowers in June, giving it the appearance of glowing gold. Be first to thrill your entire neighborhood with this new plant. **PRICES:** 18 to 24 in., \$1.25 each; 3 or more, \$1.15 each. 2 to 3 ft., \$1.49 each; 3 or more, \$1.35 each.

PINK WEIGELA (Weigela Rosea). Becomes completely covered with rose-pink, trumpet-shaped flowers in April and May. But it is still an ornamental asset to every yard the remainder of the summer with its beautiful green foliage on the graceful, arching branches. Weigela Rosea is an attractive shrub from early spring until late fall. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

WEIGELA, BRISTOL RUBY. (Pat. No. 492.) Gorgeous blooms of sparkling ruby-red, shading to garnet-crimson. Blooms are produced in immense quantities and create a wonderful display of colors. Blooms in spring, summer and fall. Few shrubs produce flowers as freely and over so long a period of time as does Weigela, Bristol Ruby. **PRICES:** 18 to 24 in., \$1.49 each; 3 or more, \$1.35 each. 2 to 3 ft., \$1.98 each; 3 or more, \$1.85 each.

WEIGELA LUTEA. An outstanding Weigela with pure yellow flowers. A perfect shrub for any yard, this beautiful yellow Weigela is vigorous, hardy and very showy, due to its abundance of bloom. Foliage has a slightly reddish cast, becoming more pronounced in the fall. A shrub you will be proud to own. **PRICES:** 2 to 3 ft., \$1.25 each. 18 to 24 in., 98c each.

WEIGELA CANDIDA. A new lovely Weigela with creamy white blooms that literally cover the bush in amazing abundance. A new variety that is practically unknown in the United States. Its rare white color and light green foliage make it one of the most desired shrubs in existence. You can be proud to have one of these lovely shrubs in your yard. 2 to 3 ft., \$1.25. 18 to 24 in., 98c each.

YELLOW JASMINE. A low growing shrub with gracefully weeping branches and a profusion of yellow blossoms in the spring. Perfect low growing plant to use anywhere in your landscape. **PRICES:** 18 to 24 in., 98c each; 3 or more, 89c each. 2 to 3 ft., \$1.25 each; 3 or more, \$1.15 each.

2 to 3 ft.	3.29	6.98	13.50	25.00

LODENSE PRIVET

For those who want the most beautiful trimmed hedge but yet do not like to trim it. An evergreen Privet very similar to Amur River South but a compact, dwarf grower, making it more costly but much less work. Only needs trimming about one-fifth as often. Also makes a lovely specimen plant. Plant Lodense liberally, have beautiful hedge and sit in the shade while your neighbor trims his ordinary hedge. Will be the envy of the neighborhood. Plant 1 foot apart.

PRICES:	Per 10	Per 25	Per 50	Per 100

ROSA MULTIFLORA JAPONICA

Fast becoming the most popular living fence, hedge or border. Used extensively as a barrier for all livestock. Has small thorns and grows so dense that even the largest bull will not try crossing it. Can be used as a fence at 60% saving over wire. So practical—yet so beautiful. Makes a bushy plant 6 to 8 feet tall and almost as wide. Can be trimmed to any height or width from 2 to 4 feet when planted 12 inches apart. Makes a beautiful untrimmed hedge when planted 18 inches apart. White flowers in June followed by fruits which birds like. A most practical hedge for your yard. **PRICES:** 10 to 18 in., 25 for \$2.00; 50 for \$3.50; 100 for \$6.50; 500 for \$30.00; 1000 for \$57.50.

UNTRIMMED FLOWERING HEDGES

We have numerous flowering shrubs that can be used but suggest for the best effect you use a mixture of different plants. Example: Plant 5 Spirea Van Houttei, 5 Forsythia, and 5 Spirea Billiardi. A mixture of this type will give you three colors of flowers in the same hedge. See pages 44, 46 and 48 for varieties. Write for special prices on large quantities.

PERENNIALS For Bushels of Blooms

Blooms first year from May till frost and many years thereafter. You can grow thousands of blooms this year from Ozark Perennials. They are easy to grow and come up year after year, giving you masses of color and are hardy, heavy, field grown clumps shipped to you fresh dug and carefully packed so you receive them in perfect condition.

Price on All Perennials unless otherwise noted:

49¢ each; 3 for \$1.29; 6 for \$2.29; 12 for \$4.29; 25 for \$8.25.

ALYSSUM. Big clusters of bright yellow flowers in early spring. Perfect in rock gardens or as edgings to beds. One of the best early plants to use with Tulips.

OLD-FASHIONED BLEEDING HEART. Graceful, heart-shaped, rose-pink flowers in April-May. Thrives in partially shaded places. 2 feet. Extra heavy plants. **PRICES:** 95c each; 3 for \$2.50.

BABY'S BREATH. Remarkable for its numerous feathery panicles of small, starry white flowers borne in profusion on thread-like stalks during the early summer.

CANDYTUFT. Very desirable dwarf plant covered with white flowers in April and May. Very good for edging and rock gardens. Foliage is evergreen and plant is attractive even when not in bloom.

HARDY CARNATIONS. Easy to grow. Fine spicy fragrant flowers that bloom all summer. One of our finest garden plants. Choose from these lovely double colors: Red, Yellow and White.

COLUMBINE (Aquilegia). A magnificent plant of very large flowers with long spurs, robust growth and rich color. Few plants are more pleasing in the garden than Columbine, especially in shaded places. Your choice of Blue, Pink or Yellow.

CREeping PHLOX (Phlox Subulata) (Thrift). Cherished as much for its refreshing moss-like evergreen foliage as for its masses of flowers that appear in early spring. Showy colors of red, white and blue. Low, compact, spreading growth.

CHRYSANTHEMUMS. The finest of the large flowering, tall growing Chrysanthemums. Not only do they have sparkling clear, crisp colors, but they are weather resistant as well. Long stems and large blossoms make them excellent for cutting. Choose from one of these hardy varieties that bloom from September to frost:

Charles Nye. Brilliant golden yellow, double.

Polar Ice. Pure white, double flowers.

Red Velvet. Rich velvety crimson flowers, fully double.

September Dawn. A true pink flower, very large and double.

CUSHION MUMS. Often called Million Mums, but does actually become covered with thousands of lovely Mums in August, lasting until frost. Blooms first year. Hardy, easy to grow, and multiplies year after year. Your choice of colors: Red, Pink, White, Gold and Bronze.

DELPHINIUM. A beautiful plant producing lovely flowers on long graceful stems, making it perfect for cut flowers. Flowers produced in abundance in June and September. Choose from light or dark blue varieties.

Pfitzer's Tritoma (Red Hot Poker)

DIGITALIS (Foxglove). A stately perennial with beautiful pink flowers produced on long graceful stems. Makes a very showy and attractive effect when planted in masses. Blooms in June and July.

ESTHER REED DAISY. A lovely all-double Daisy. It has the same cut flower qualities as Shasta Daisy only has the solid white center. The best for flower arrangements. The Daisies are a "must" for your dry weather garden locations. **PRICES:** 69c each; 3 for \$1.79.

GAILLARDIA (Blanket Flower). We consider the Gaillardia one of the most desirable hardy plants in cultivation. The full, circular flowers are of a rich burgundy tipped with gold. Large blooms supported by strong stems above the pale green foliage continues from June to November.

GIANT HIBISCUS (Mallow Marvels). Flowers as big as saucers. Shrub-like perennial 4 feet tall. Blooms in July and August when most other plants have stopped. Pink, Red and White.

DOUBLE HOLLYHOCKS. A fascinating new strain with gorgeous double flowers. Hardy and easy to grow. Colors: Red, Pink and Yellow.

HARDY PHLOX. A truly superb plant with flowers almost 6 times as large as the ones pictured. Our plants are heavy, field-grown plants that will bloom freely for you this summer and many years to come. Grow in full sun or partial shade. Can be divided year after year. Varieties:

Africa. Brilliant carmine-red.

Mary Louise. Pure snow-white.

Irene. Soft light red.

Caroline Vandenberg. Beautiful blue.

Royal Purple. The best purple.

Salmon Glow. Flame-pink with salmon shading.

LILY-OF-THE-VALLEY. Delightfully fragrant white flowers. Thrive in shade or full sun. Heavy clumps of 5 to 7 pips.

LIRIOPE MUSCARI. A good grass-like plant that has a well defined and interesting habit of growth. Leaves are dark green and narrow, with small flowers of violet or white. A perfect plant for Rose bed, sidewalk or any place where a beautiful border is needed.

OPHIOPOGON. A good border plant with grass-like leaves of green and white stripes. Small white flowers borne in clusters add beauty to the unusual foliage. Perfect plant for any border.

ORIENTAL POPPY. A lovely plant that can be planted from early fall to spring. This variety is a brilliant scarlet of large size.

SWEET WILLIAM. Dense, rounded flower heads formed by 20 to 30 flowers on an 18-inch stem make this a "must" for your garden. Foliage is short, heavy textured, green. Your choice of colors: Pink, Red or White.

SHASTA DAISY. Beautiful in the garden and fine for cutting. Large flowers 2 to 3 inches across, petals of white and clear yellow center on long stems. A profuse bloomer. Thrives in ordinary soil.

PERENNIAL SWEET PEAS. Favorite of flower lovers. Delightful flowers in July, August. Marvelous for porches, trailing over banks, coves, trellis and fences. Flowers are larger than annual Sweet Peas. Your choice of Pink, Red or White.

TRITOMAS (Red Hot Poker). Brilliant orange-red flowers on graceful stems, nearly 3 feet tall in August and September. Hardy.

WHITE YUCCA. A very beautiful plant with delightfully creamy white flowers on long stems in June. Entirely hardy and a plant you will cherish more each year.

RED YUCCA. A superior type Yucca that is brilliant red and blooms continuously from May until frost. Often has 5 to 10 bloom stems.

Azalea Hinodegiri

Beauty the Year Around with

Ozark's BROAD

These evergreens are unsurpassed for foundation planting since they hold their leaves in winter. Plant them liberally and your home will have a warm natural appearance in winter just as in summer. Each of our plants is a specimen within itself and not to be confused with the small, spindling, baby evergreens which most mail-order firms offer. We suggest that you drive to the nursery (where possible) and pick up your evergreens. Not only do we have larger sizes in some varieties listed, but also other varieties that are not listed.

ABELIA GRANDIFLORA

A hardy, low growing evergreen flowering shrub with glossy dark green leaves contrasting effectively with the red-tinged bark. Blooms profusely all summer with white-tinged pink, bell-shaped blossoms. Grows 3 to 4 ft. tall but can be sheared to any shape. Most beautiful plant in any landscape. Plant several.

PRICES: 24 to 30 in., \$3.65; 18 to 24 in., \$2.98; 12 to 18 in., \$1.98.

BOXWOOD

A small, attractive plant that grows very slowly. Its dwarfish habit makes it especially useful for window boxes, urns and foreground of foundation plantings. Foliage is small, glossy and dark green. Very hardy and always holds its foliage in winter. We cannot recommend this grand plant to you too highly.

PRICES: 15 to 18 in., \$3.98; 12 to 15 in., \$3.25.

HARDY EVERGREEN AZALEAS

Azaleas are, without doubt, the most beautiful flowering plants in the South. We are fortunate in having the very best Kurume and Japanese varieties, which are hardy in all sections of the South and will stand winters much farther north by mulching. They have stood as much as 14 degrees below zero here in Tahlequah, without any damage. Azaleas prefer partial shade and acid soil. Should be planted on east and north side for best results. Roots are near surface and should be kept cool and damp by using a two- to four-inch mulch of Peat Moss. Do not cultivate. Add aluminum sulphate to make soil acid, one tablespoon to one gallon of water and water twice a month per plant. An ideal fertilizer is cottonseed meal but do not put in hole when planting.

KURUME AZALEAS

This group is more dwarf in their habit of growth, very beautiful in groups or for planter boxes.

CORAL BELLS. Very profuse bloomer of pink, bell-shaped flowers. Compact grower. Glossy leaves.

HINODEGIRI. Slow, compact grower with fiery red flowers that literally smother the entire plant.

LAVENDER QUEEN. Large, light lavender flowers with white stamens. Leaves large and dark.

SALMON BEAUTY. Large, hose in hose, salmon-pink flowers and light green foliage. Most desirable.

SNOW. Good sized flowers of purest white among beautiful glossy leaves. Liked by all.

PRICES: 8 to 10 in., \$2.29; 12 to 18 in., \$3.49.

JAPANESE AZALEAS

These are the larger growing varieties that you will cherish more each succeeding year.

KAEMPFERI. The big, single, rose-pink flowers are borne profusely rather late in the season.

MACRANTHA. A very hardy, compact plant with pink flowers late in the season.

PRICES: 10 to 12 in., \$2.79
18 to 24 in., 4.49

ELAEAGNUS FRUITLANDI. A most versatile shrub for foundation planting, groups, borders and hedges and as specimens. Leaves are large and pointed, dark green above, silvery beneath. Creamy white flowers in fall, followed by yellowish red, edible fruit. Grows better in shady locations than any other shrub, and as well in full sun. **PRICES:** 24 to 30 in., \$3.65; 18 to 24 in., \$2.98; 12 to 18 in., \$1.98.

CHERRY LAUREL. A handsome evergreen that can be grown into a tree or pruned as a specimen. Has dark, shiny green leaves and will become more compact each time you shear it. **PRICES:** 4 to 5 ft., \$8.00; 3 to 4 ft., \$6.00; 2 to 3 ft., \$3.98.

NANDINA. Our most interesting plant that changes color with the season. Foliage is bright green in summer turning to vivid red in winter. In spring, panicles of white flowers are produced and in fall clusters of brilliant red berries decorate the entire landscape. Grows 3 to 5 feet, but can be pruned to any height. Use under window and mix with other shrubs for year around beauty. **PRICES:** 18 to 24 in., \$3.00; 15 to 18 in., \$2.49; 12 to 15 in., \$1.98.

COTONEASTER PARNEYI. A beautiful evergreen shrub that will add beauty to any landscape. Its deep dark green foliage serves as a background for clusters of bright red berries borne in profusion. Hardy, vigorous grower that will do well in any soil. **PRICES:** Gallon can, \$1.98.

PAMPAS GRASS (Cortaderia Argentea). Extremely hardy plant with wiry grass-like foliage and a mass of silvery white blooms that are produced profusely, making it a very showy plant. When planted "en masse" it reminds one of a sea of silver. Plant several in your yard. **PRICES:** No. 1, \$2.39 each.

Boxwood

BROAD-LEAVED EVERGREENS

GARDENIA FORTUNEI

Thick, dark green, glossy foliage surrounding snow-white blossoms make the Gardenia a prize addition to your home. Enjoy its exotic beauty the year around. Should be planted on north or east side and needs some winter protection. Unequalled for its rich perfume. For landscape beauty, for home bouquets, for party corsages—plant Ozark's Gardenia Fortunei.

PRICES: 18 to 24 in., \$2.49 each.

Gardenia Fortunei

EUONYMUS JAPONICA. A lustrous, glossy-leaved specimen of the broad-leaf family. An all-purpose plant that is naturally symmetrical but can be trimmed as a hedge or will cling close to a wall. Our most versatile plant. Grows 6 to 8 feet but can be trimmed to any height. PRICES: 24 to 30 in., \$3.49; 18 to 24 in., \$2.98; 12 to 18 in., \$2.49.

EUONYMUS PATENS. One of the most attractive broadleaf evergreen shrubs. Leaves are a bright green while in fall numerous orange, Bittersweet berries add to its charm. Luxuriant of growth and naturally symmetrical in shape. Thrives in both sun and shade. Use as a specimen plant, background or hedge—can be trimmed any way desired. PRICES: 24 to 30 in., \$3.49; 18 to 24 in., \$2.98; 12 to 18 in., \$1.98.

EUONYMUS PATENS. (Small Leaf.) An ideal evergreen plant that is perfect for foundation planting. Can be grown informally or sheared into a compact, formal bush. Can be used in places suited for Boxwood but is much harder than Boxwood. Leaves are smaller than regular Euonymus Patens, more glossy, and richer green in color. Use for boundary hedges or for enclosing Rose or flower gardens and for formal plantings. PRICES: 24 to 30 in., \$3.79; 18 to 24 in., \$3.25; 15 to 18 in., \$2.49.

CAMELLIA SASANQUA. One of the newest and finest of all broadleaf evergreens. A fast growing plant that blooms profusely from late September through November—a time when very few flowers can be had. These handsome broadleaf evergreens have proven entirely hardy here and even as far north as Kansas City. They do best in a partly shaded location in good, well drained slightly acid soil. Plant on North or East side for best results.

Varieties:

Cleopatra. Beautiful pink.

Snow-on-the-Mountain. Snow-white.

PRICES: 2 to 3 ft., \$3.49 each; 3 to 4 ft., \$4.98 each.

Euonymus, Japanese

HONEYSUCKLE PURPUREA. A comparatively new plant that retains its purple leaves the year around. Flowers are red and white with a very pleasing fragrance similar to Gardenia. Beautiful for a foundation plant and is especially good for planter boxes. PRICES: 18 to 24 in., \$2.98; 15 to 18 in., \$2.29.

WAX-LEAF LIGUSTRUM. The South's most beautiful plant. Has showy, thick, waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape for specimen plants or beautiful informal hedge. PRICES: 24 to 30 in., \$4.98; 18 to 24 in., \$3.49; 15 to 18 in., \$2.29.

PHOTINIA SERRULATA. A beautiful evergreen with slightly curled, indented leaves. The new foliage in spring is in contrast of bright colors (mostly red) and grows very compact. Not particular about soil or situation. Can be used many places in the landscape. PRICES: 24 to 30 in., \$4.98; 18 to 24 in., \$3.98; 15 to 18 in., \$2.98.

GOLD NUGGET PYRACANTHA (Pyracantha La-landi). Gold Nugget is the gem of all Pyracanthas. It puts on a magnificent display of bell-like, snow-white blossoms followed by masses of berries, each berry rich golden in color, against deep green foliage. Gold Nugget is hardy in all sections and will certainly help to make your lawn the show place of the neighborhood. PRICE: Gallon cans, \$1.98.

CRIMSON TIDE PYRACANTHA. The picturesque new evergreen Pyracantha that is a sensational beauty. It is lower growing than most Pyracanthas and in spring bright, bell-like white flowers literally cover the plant, followed by fiery red berries which last well into winter. May be used as a specimen, but is particularly attractive when trained against a wall where the rich deep green foliage acts as a splendid foil for the amazing quantities of berries. A spectacular, yet dignified shrub and one to be prized for your garden. PRICE: Gallon cans, \$2.29.

HARDY HOLLIES for Year 'Round Beauty

Japanese Holly

Burfordi Holly Berries

JAPANESE HOLLY (Crenata Rotundifolia)

A splendid new, dark glossy green Holly with round leaves similar to Boxwood. Especially suited for spaces requiring a low, dwarf plant. Very hardy and is decorated with black berries. **PRICES:** 24 to 30 in., \$4.98; 18 to 24 in., \$3.98; 15 to 18 in., \$2.49.

HOWARDI HOLLY

Another hybrid form of American Holly. Beautiful glossy leaves with many clusters of bright red berries make it an ideal Holly for foundations, specimens or most any planting that calls for a compact, medium growing, broad-leaf evergreen. We cannot describe the beauty of this outstanding Holly in words. Its abundance of bright red berries and beautiful dark green foliage make it a plant you must have in your yard. **PRICES:** 15 to 18 in., \$2.49.

American
Holly
Berries

AMERICAN HOLLY

The true native Holly you can see growing wild in our southern states, but will thrive as far north as Kansas City. Can be pruned as a specimen or grown into a tree. Spiny, glossy green foliage the year around with bright red berries in winter. **PRICES:** 30 to 36 in., \$5.50; 24 to 30 in., \$3.98; 18 to 24 in., \$2.98.

[20]

BURFORDI HOLLY

We consider this Holly to be the very best. It is really more glossy and darker green than the picture shows. It carries the beautiful green foliage the year around, with a plentiful supply of big bright red berries in winter. Will grow in either sun or shade and is excellent for foundation plantings. **PRICES:** 24 to 30 in., \$4.98; 18 to 24 in., \$3.98; 12 to 18 in., \$2.98.

CROONENBURG HOLLY

A new variety of American Holly that is fast becoming one of the most popular, because of its outstanding features. This Holly has a much darker green foliage than any of its American Holly cousins. This feature combined with the fact that this is one of the heaviest bearers of bright red berries, make this Holly one to be desired. Hardy, vigorous grower, does well in any landscape situation.

PRICE: 3 to 4 ft., \$9.95.

Croonenburg Holly

CORNUTA HOLLY

An especially fine strain of Chinese Holly which has taken many years to produce in quantities, but now it's here for you to enjoy. It is very bushy, has large, spiny, dark green, glossy leaves the year around. In winter it produces clusters of red berries which give a pleasing contrast to the dark green, glossy foliage. An absolute "must" for every garden. **PRICES:** 24 to 30 in., \$5.50; 18 to 24 in., \$4.98; 12 to 18 in., \$3.49.

Oregon Holly Berries

OREGON HOLLY (Mahonia)

A beautiful low growing evergreen with striking Holly leaves that vary in hue from dark green to shadings of reds and bronzes. Perfectly hardy but is best in partially shaded spots. Has yellow flowers at the ends of the stems in spring, followed by blue berries. Excellent as a contrast plant. **PRICES:** 18 to 24 in., \$4.98; 15 to 18 in., \$3.49; 12 to 15 in., \$2.49.

Ozark FREE Landscape Service

The first and most important step in planting your home is to start with a carefully balanced, detailed planting plan to exactly fit your individual grounds, using the proper choice of hardy plant materials, placed to the best advantage. The development of this plan will create the picture you wish to attain and prevent many planting disappointments and a needless expenditure of your money.

For years, we have specialized in this service which is free to our customers. You, too, are welcome to take advantage of this opportunity.

If it is possible, come to the nursery with pictures of your house at two or three different angles, along with its blueprint or a rough sketch you might make. Your sketch should show your lot with outlines of house, walks, drives, etc., just as they would look from the air looking down on your house. Our landscape architect will draw the plants you need on the sketch.

Should you not be able to visit our nursery, send the information to us by mail, or write for our landscape architect to call at your home.

Since our landscape department is terribly rushed during the planting season, it is best to give advance notice if you wish our landscape architect to visit your home. Then, when he has an open date he can do so.

BULLATA HOLLY

The most beautiful small "accent" plant ever introduced. Our picture does not do the plant justice. It is very bushy, has shiny dark green, Boxwood-like foliage somewhat convex and it grows about 4 feet high and 3 feet across. The glossy leaves are so thick that the twigs are invisible. Blends beautifully with other evergreens and for small hedges it is a jewel.

Does well in light shade or full sun and is equally happy on alkaline or acid soil, and last but not least, it is hardy. **PRICES:** 15 to 18 in., \$3.49; 12 to 15 in., \$2.98.

FOSTERI HOLLY

A new American Holly hybrid of exceptional merit. Beautiful foliage of dark green, narrow leaves. Perfect for foundation or specimen plantings. Its very compact growth and abundance of bright red berries make it a "must" in your landscape needs. **PRICES:** 24 to 30 in., \$4.98; 18 to 24 in., \$3.98; 15 to 18 in., \$2.98.

[21]

MICROPHYLLA HOLLY

A beautiful, small, very bushy "accent" plant with dark green foliage. The glossy leaves are so thick that the twigs are invisible. Blends beautifully with other evergreens and is perfect for hedges. Extremely hardy, will thrive in full sun or shade. We highly recommend this variety. **PRICES:** 12 to 15 in., \$3.49.

Ozark's TREES for Shade

● Bright Foliage

GOLDEN RAIN. Exquisitely beautiful, drought resistant tree with brilliant yellow flowers produced in enormous panicles at tips of twigs. A very handsome tree that seldom grows more than 30 feet high. Will stand hot, dry winds, and city conditions. **PRICES:** 4 to 5 ft., \$2.29; 3 to 4 ft., \$1.98.

TULIP TREE. Tall stately tree with large, glossy leaves and beautiful orange and yellow Tulip-like flowers in early summer. Beautiful green foliage changes to brilliant yellow in fall. Hardy, rapid grower. **PRICES:** 5 to 6 ft., \$3.98.

MOUNTAIN ASH. The graceful fine foliage and symmetrical round head of this tree make it well suited to specimen planting. The attractive panicles of white flowers and bunched red berries give it a place in every yard. Order this rapid grower now as supply is limited. **PRICES:** 5 to 6 ft., \$3.49.

TREE HYDRANGEA. Imagine, a beautiful small growing tree covered with large pink and white flowers of the well known Hydrangea P. G. Tree grows to an ultimate height of about 6 feet and has the same beautiful foliage of the regular Hydrangea. Months of searching could never find a more beautiful ornamental tree. **PRICES:** 2 to 3 ft., \$2.98; 3 to 4 ft., \$4.98.

HOPA FLOWERING CRAB. Beautiful in bloom, beautiful in foliage, beautiful in fruit. It is completely covered with fragrant, bright pink flowers in spring. While from midsummer on, gleaming clusters of red Crab Apples hang along the branches. The fruit makes excellent jelly. In the spring the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil. Makes a lawn specimen. **PRICES:** 6 to 8 ft., \$2.95; 5 to 6 ft., \$2.50; 4 to 5 ft., \$1.98; 3 to 4 ft., \$1.25.

MAGNOLIA GRANDIFLORA

The true Southern Magnolia but acclaimed to stand as much as 20 degrees below zero. Intensely fragrant, large, snow-white blooms appear in June against a background of large, glossy, dark green leaves which remain on the tree the year around. Magnolia likes plenty of sunshine and does better when peat moss is worked around its roots. Our plants are exceptionally nice this year. **PRICES:** 5 to 6 ft., \$10.00; 4 to 5 ft., \$7.50; 3 to 4 ft., \$5.00; 2 to 3 ft., \$3.98; 18 to 24 in., \$2.98; 12 to 18 in., \$1.98.

● Lovely Flowers

SMOKE TREE (Purple Fringe)

● Easy to Grow

Smoke Tree

DOUBLE FLOWERING PEACH.

A very showy and attractive tree with a mass of Carnation-like double flowers, followed by green, glossy foliage. A rapid grower that is sure to be the talk of your neighborhood. Your choice of colors: Red or White. **PRICES:** Best 5 to 6 ft., \$2.25; better 4 to 5 ft., \$1.79; good 3 to 4 ft., \$1.49; bargain 2 to 3 ft., 98c.

RED LEAF PEACH. Beautiful bright red foliage appears in the early spring and changes to deep maroon in the fall. Very deep rose blossoms contrast magnificently with the colorful foliage. Produces small red fruit with a delicate flavor. Combination of bloom, fruit and foliage make this tree a "must" for your yard. **PRICES:** Best 5 to 6 ft., \$2.29; better 4 to 5 ft., \$1.89; good 3 to 4 ft., \$1.49; bargain 2 to 3 ft., 98c.

REDBUD. A small tree or large shrub, completely covered in spring with clusters of beautiful pink blossoms before leafing out. Has handsome heart-shaped leaves. Will grow anywhere. Redbud is Oklahoma's state flower and will decorate your own yard, too. **PRICES:** 6 to 8 ft., \$2.50; 5 to 6 ft., \$1.98; 4 to 5 ft., \$1.50; 3 to 4 ft., \$1.25.

Redbud

HAWTHORN. One of our most beautiful trees for the lawn. Very decorative tree with an abundance of carmine-red flowers in late May and early June, followed by bright red berries. Foliage dark green with very attractive deep cut leaves. Tree is very hardy and desirable. **PRICES:** 5 to 6 ft., \$3.49.

JAPANESE FLOWERING CHERRIES (Kwanzan).

Completely covered in spring with large, double, rosy pink flowers. Plantings of these trees in Washington, D. C., made them well known and loved everywhere. Perfectly hardy and start blooming a year or two after planting. **PRICES:** 4 to 5 ft., \$3.49.

TREE ALTHEA. This beautiful plant is the same as the lovely flowering shrub Althea, only grown in tree form. Large double flowers and dark glossy green foliage. Blooms from mid-July to frost. This hardy vigorous grower is one of the showiest midsummer flowering trees. Choose from red, white, pink and purple. **PRICES:** 3 to 4 ft., \$1.25 each; 4 to 5 ft., \$1.49 each.

PINK MAGNOLIA (Magnolia Soulangeana). Many people call this Tulip Tree because of its large Tulip-like flowers, often 8 inches across, in early spring before leaves appear. Very hardy, blooms young, and seldom grows more than 20 feet tall. **PRICES:** 18 to 24 in., \$1.98; 2 to 3 ft., B&B, \$4.98.

PURPLE MAGNOLIA (Magnolia Soulangeana Nigra). Practically the same as Soulangeana except blossoms are rich purple color and tends to bloom again in fall. A very lovely plant for your lawn. **PRICES:** 18 to 24 in., \$1.98; 2 to 3 ft., B&B, \$4.98.

STAR MAGNOLIA (Magnolia Stellata). The Queen of the deciduous Magnolias. This beauty with its numerous, delicate, pinkish white blossoms and its glossy green foliage adds exceptional beauty to your yard. Blooms are produced early in the spring before the leaves appear. Be the envy of the neighborhood, plant this beautiful tree in your yard. **PRICES:** 18 to 24 in., B&B Specimens, \$4.98 each.

Mimosa

MIMOSA. An unusual tree completely covered with a profusion of fluffy blossoms in summer. The young tree pictured is only 3 years old and already immensely beautiful. Extremely hardy, will grow anywhere. **PRICES:** 6 to 8 ft., \$2.50; 5 to 6 ft., \$1.98; 4 to 5 ft., \$1.69; 2 to 3 ft., 98c.

POINCIANA (Bird of Paradise). A small growing tree with straggling branches of numerous small leaves giving the tree a graceful and feathery appearance. Wonderful for its gorgeous foliage alone, but with the added beauty of showy yellow flowers with long red stamens. This tree is one to be proud of. **PRICES:** 3 to 4 ft., \$1.49; 2 to 3 ft., 98c.

TREE WISTERIA. A lovelier sight can not be imagined than a Tree Wisteria in bloom. The purplish blue flowers are produced by the hundreds and completely cover the tree during May, transforming it into a thing of sheer beauty. On the lawn they develop into beautiful specimens and live for generations, increasing in beauty and dignity each successive season. The plants we offer are specimens and have bloomed already in the nursery row. **PRICES:** Specimen Trees, \$3.98 each; 2 for \$6.50.

Tree Wisteria

Red Magnolia

RED MAGNOLIA

(*Magnolia rustica rubra*). Large flowers similar to Pink Magnolia but of a dark red color and a later bloomer. Very fast grower and most beautiful of all Magnolias. **PRICES:** 18 to 24 in., \$1.98; 2 to 3 ft., B&B, \$4.98.

Shade Trees for Lasting Beauty

Chinese Elm

Sycamore

Weeping Willow

CHINESE ELM. A favorite tree the country over for its beauty and comfortable shade. If you want a sturdy and lasting tree in a hurry, this is it. Wonderful for streets, home ground, or any other place where a fast growing, medium sized tree is desired. **PRICES:** 10 to 12 ft., \$4.50; 8 to 10 ft., \$3.49; 6 to 8 ft., \$2.49; 4 to 6 ft., \$1.49.

HYBRID ELM. The fastest growing tree in America. Very hardy, resists drought and disease. Its leaves are large, dark green. The bark is smooth and the branches straight and strong. Will stand high wind, dry summers and cold winters. For a beautiful, permanent, quick growing tree, plant Ozark's Hybrid Elm. **PRICES:** 10 to 12 ft., \$5.95; 8 to 10 ft., \$4.79; 6 to 8 ft., \$3.49; 4 to 6 ft., \$2.49.

SYCAMORE. A rapid growing, handsome tree with a well formed head and interesting white bark. Leaves are heart-shaped. Straight, beautiful grower. **PRICES:** 10 to 12 ft., \$3.95; 8 to 10 ft., \$2.95; 6 to 8 ft., \$1.95; 4 to 6 ft., \$1.25.

PIN OAK. A rapid growing tree that has no equal for street and lawn planting. If planted now it will be a great pleasure to you and for others for generations to come. The foliage is rich green, deeply cut and colors to a glorious coppery red in fall. Must be transplanted with a ball of earth on the roots, therefore, it must be shipped express collect. **PRICES:** Balled and Burlapped Specimens, 6 to 8 ft., \$9.00; 5 to 6 ft., \$6.50; 4 to 5 ft., \$5.00.

LOMBARDY POPLAR. A handsome tree reaching far into the sky. This majestic tree is a favorite among many Americans, and its rapid growth is a leading factor in its favor. Planted in a row, it will provide a cool wall of shade and a fairly sturdy windbreak. **PRICES:** 4 to 6 ft., 75c each; 5 for 65c each; 6 to 8 ft., \$1.10 each; 5 for 90c each; 8 to 10 ft., \$1.45 each; 5 for \$1.20 each.

WEeping WILLOW. A beautiful, graceful tree with long, drooping branches, densely covered with light green leaves. Very hardy and makes the most beautiful specimen tree you have ever seen. Choose from either gold or green bark varieties. **PRICES:** 6 to 8 ft., \$2.95; 5 to 6 ft., \$1.95; 4 to 5 ft., \$1.49.

Lombardy Poplar

HYBRID OAK. One of our most beautiful shade trees. A cross between a Pin Oak and Live Oak, this tree has somewhat the same characteristics of both parents but leaves are more tender green in color. Very hardy, this tree is a "must" for your lawn. **PRICES:** Balled and Burlapped Specimens, 6 to 8 ft., \$9.00; 5 to 6 ft., \$6.50; 4 to 5 ft., \$5.00.

LIVE OAK. Same graceful tree you see growing throughout the South. Similar to the Magnolia inasmuch as it holds its beautiful green leaves through the winter. The variety we have is much hardier than the common Live Oak and will definitely hold its leaves throughout the year. **PRICES:** Balled and Burlapped Specimens, 5 to 6 ft., \$8.95; 4 to 5 ft., \$7.50.

SWEET GUM. An immensely popular tree with deeply cut foliage that turns to a brilliant red in autumn. Grows rapidly and very good for lawn planting. Must be transplanted with a ball of earth; consequently, it must be shipped express collect. **PRICES:** Balled and Burlapped Specimens, 5 to 6 ft., \$6.50; 4 to 5 ft., \$5.00.

CUT LEAF WEEPING BIRCH. Words can't describe the beauty and gracefulness of this tree. A large specimen of this small leaf tree grows by our nursery and is a thing of real beauty. Visitors who see this tree growing here say they simply must have one like it. You will say the same. **PRICES:** 5 to 6 ft., \$3.75; 6 to 8 ft., \$4.95.

SILVER MAPLE. A rapid growing, wide spreading tree with deeply cut foliage, dark green above and silvery white beneath, that changes to a beautiful yellow in fall. **PRICES:** 10 to 12 ft., \$3.95; 8 to 10 ft., \$2.95; 6 to 8 ft., \$1.95; 4 to 6 ft., \$1.25.

MORaine LOCUST

(Patent No. 836.) Sensational, fast growing shade tree. A vigorous, rapid growing, seedless tree, shaped much like American Elm, but not susceptible to disease. Very clean tree with no ugly, dangerous thorns and no seed pods. The leaves are so fine that when falling they practically disappear into the grass. Its branches arch up and out, giving a wide-spreading vase shape that reaches above a two-story house without obstructing the view or air circulation. Fine foliage makes plenty of cool shade, but lets enough sunshine through for good lawn growth, but not enough for crab grass growth. Will thrive in spite of cold, heat, or drought, on all kinds of soil. Bends under strains of wind and ice and rarely breaks or splits. Be first in your neighborhood to have this wonderful tree that everyone is talking about.

PRICE: 6 to 7 ft., \$7.50.

ORNAMENTAL TREES

Ozark's

FLOWERING DOGWOODS

No native tree is more admired and extensively planted than the Dogwood. Beautiful as specimens and especially effective in group plantings, furnishing a most pleasing effect in spring when in full bloom.

The Dogwood may be had in Pure White or Deep Pink. Both colors combined in group planting produce a striking springtime picture. Brilliant autumn foliage and red berries which carry well into winter.

Pink Dogwood

PINK DOGWOOD

Our trees are often called Red Dogwood. Especially so, since some years ago we found a tree in our nursery with blooms far richer, and darker pink than any Dogwood we had ever seen. We started propagating from this tree and now have a more brilliant tree than is generally sold. Our Pink Dogwood does best in partial shade and blooms next year after planting. **PRICES:** 30 to 36 in., \$3.25; 24 to 30 in., \$2.49. Balled and burlapped specimens, 6 to 8 ft., \$16.95; 5 to 6 ft., \$11.95; 4 to 5 ft., \$9.50; 3 to 4 ft., \$7.95; 2 to 3 ft., \$4.98.

WHITE DOGWOOD

This is the lovely native White Dogwood that is admired by the many thousands each year who drive to Tahlequah and the Cookson Hills on the Dogwood Tour. Our trees are nursery grown, acclimated trees that will give your lawn the same exquisite beauty of the Dogwoods in the Cookson Hills. **PRICES:** 2 to 3 ft., \$1.60. Balled and burlapped specimens, 5 to 6 ft., \$7.95; 4 to 5 ft., \$6.50; 3 to 4 ft., \$3.50.

White Dogwood

WHITE BIRCH

No other tree occupies quite the place in the hearts of garden lovers as this graceful tree does. Its white bark, pendulous branches, delicate green foliage, and deeply cut leaves endear it to all who want a tree both for shade and beauty.

PRICES: 4 to 5 ft. clumps of 3, \$3.49. 6 to 8 ft. clumps of 3, \$6.95.

CRIMSON KING MAPLE

(Pat. No. 735)

Truly a captivating King of the ornamental trees with its distinctive, colorful foliage which is a deep maroon-purple from the time it leafs out until the leaves fall. This rich color adds a pleasing contrast to the prevalent greens. Fine for city planting, will live for many generations, becoming more attractive each year. Our trees have a straight stem but will start branching the first summer and you will be delighted with every new leaf, every inch of new growth. Very hardy and easy to grow. **PRICES:** 5 to 6 ft., \$5.95.

Crimson King Maple

[25]

SUNBURST LOCUST

(Pat. No. 1313)

Something new and wonderful to add that certain touch to any landscape. The attractive bronze-gold foliage on the tips of this thornless Locust, plus its outstanding usefulness as a shade tree, leaves little to be desired in this tree. Whether you need a shade or ornamental tree in your landscape, this hardy disease-resistant tree is the one to choose. **PRICES:** 4 to 5 ft., \$5.95 each.

SUGAR MAPLE

The beautiful, colorful trees seen throughout the Ozark Mountain range in fall are Sugar Maples. Each fall thousands of people drive through the Ozarks just to see the rich scarlet and gold colored foliage of the Sugar Maples. Although the Sugar Maples are prettiest in fall, they have attractive, dense, dark green foliage in summer. Will grow practically anywhere but are exceptionally good for street and lawn planting. **PRICES:** 10 to 12 ft., \$6.50; 8 to 10 ft., \$4.95; 6 to 8 ft., \$3.40; 4 to 6 ft., \$2.49.

SHIPMENTS MADE AT THE PROPER PLANTING TIME

It is best to place your order as soon as possible. A card will be sent you acknowledging your order and shipment will be made at the proper planting time in your area.

IT IS EASY TO ORDER FROM OZARK

Relax in the comfort of your home while you order by mail from Ozark. Pick out the plants you desire, then list them on our handy blank. Fill in your full name and address and enclose your remittance. We will send your order to you at the proper planting time. Remember, when you order from Ozark we ship "Direct to You."

WE PAY POSTAGE

For your convenience many items in this catalog will be delivered to you postpaid; however, the trees and plants we ship are larger than generally offered in catalogs. Since it is impossible to know the weight and sizes in advance, we use our discretion in determining how to ship. Shipments going by motor freight or express are sent collect (you pay transportation charges).

Some orders will contain stock that must go by express and also some stock which would go by parcel post. In such cases we will send the entire order by express rather than make 2 separate shipments.

In order to comply with new parcel post rules and regulations, some items will be cut back when sent by parcel post. If you do not want your stock cut back, please state on your order that you desire shipment by express (charges collect).

NEW METHOD OF WRAPPING

We are now using a new product, polyethylene or polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe." Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock.

Ozark's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount paid us for it.
2. We guarantee our stock to be first quality and to reach you in good live, growing condition. Examine it closely on arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.
3. Our stock is carefully handled, and under ordinary conditions should grow for you; however, if it does not, due to the weather or other conditions, over which we have no control, will replace at half price the following season. You are to notify us not later than October 1st, 1958, accompanying your report with remittance of one-half original purchase price.

If you are not entirely satisfied, please let us hear from YOU. We want you to be another one of our many satisfied customers.

HOW WAS OZARK NURSERIES BUILT?

Through customer confidence. Customers who had faith and confidence in Ben Davis and the organization he built from the very start. Customers found that they could count on what we told them, but what pleased them most was the discovery that what we shipped was generally slightly better than they expected. They began to look to us for extra quality, for reasonable prices, and for improved and new varieties. They were impressed by our ethics and practices—like selling only fruit trees propagated from bearing orchards.

Yes, customers who have bought year after year, knowing by experience that when they order from Ozark Nursery, they order without risk and with assurance of quality and yield. Over 75% of our business comes from these repeat customers. To our customers we say, thank you and please continue to count on Ozark Nursery for extra quality and extra value.

THE PLANTS WE GROW

We grow trees and plants by the millions and they go direct to you from our more than 1100-acre nursery and orchard plant. It is the most fertile red sandy loam in eastern Oklahoma, especially suited for producing strong healthy, vigorous root systems.

But we not only grow a good root system, we dig them. Ozark Nursery has a large sum invested in a mechanical digger which goes down and really brings out the roots. We challenge anyone to dig more and better roots than we do. After the trees and plants are dug, they are hauled quickly to our big storage and stored in wet shingletoe. Vitality and vigorous growing condition is assured with the care we give our trees and plants.

Many firms buy their trees and plants, and they may be shipped and re-shipped two or three times before you get them. Avoid getting dried out devitalized trees and plants. Buy direct from us and get a better start.

USEFUL PLANTING GUIDE

With every order we include a complete planting guide. It tells step-by-step methods of proper planting in a clear, simple way so that even if you have never planted anything before, you can do it successfully. It also tells how far apart to plant, how to prune, water, care for plants over winter, etc.

WARNING—FERTILIZER KILLS

Do not put fertilizer in hole while planting. It is a good idea to use a small amount on top of the ground around plants after planting, but use caution. According to our replacement records over-use of fertilizer has caused 95% of all losses. We want your plants to live; so please, for the plant's sake, keep fertilizer out of the hole when planting.

EVERY SHIPMENT INSPECTED FOR YOUR PROTECTION

No diseased trees or plants are allowed in our nursery. Government inspectors inspect our growing stock several times yearly to be absolutely certain we have no diseased trees and plants. Besides the Government inspections, we inspect each order to make positive you get only first quality so you can be assured of the best direct-from-the-grower to you. A certificate of Government inspection is furnished to you with every order.

RASPBERRIES

CUMBERLAND BLACKCAP RASPBERRIES

The most popular Black Raspberry for many years, and by far the most widely planted. The berries are large, jet-black, firm, sweet, and have a fine flavor. Good shipper. An enormous producer and a vigorous grower.

PRICES: 6 for \$1.25; 12 for \$1.98; 25 for \$3.75; 50 for \$7.00; 100 for \$11.95.

LATHAM RED RASPBERRY

One of the leading Red Raspberries. Berries are very large, firm, delicious and juicy. Excellent for pies. Plants are vigorous, hardy and highly productive.

PRICES: 6 for \$1.25; 12 for \$1.98; 25 for \$3.75; 50 for \$7.00; 100 for \$11.95.

SEPTEMBER RED RASPBERRY

New, miraculous red Raspberry that fruits from June until freezing weather. Produces large size, luscious red berries with an extra fine flavor. Swell for jam and jelly, and extremely good for freezing.

We find this plant to be the best red Raspberry for the Midwest and South.

If you have never had any success with Raspberries, try "September" and be pleasantly surprised.

PRICES: 3 plants for \$1.15; 6 for \$1.95; 12 for \$3.75; 25 for \$7.25.

RANCOCAS BLUEBERRY

Large clusters of luscious Blueberries, the size of Grapes, are far superior to the wild native Huckleberry in flavor. Practically seedless and need no sugar when eaten fresh or frozen—very little when canned. Plants are acid loving—make soil acid by adding peat moss or aluminum sulphate.

PRICES: 12 to 18 in., Bearing Age, \$1.25 each; 5 for \$5.00.

THORNLESS YOUNGBERRY

Easy to pick, hardy, thornless berry plant with a most delicious flavor. Ripens about two weeks before Thornless Boysenberry. The fruit of this berry is large, a handsome wine color, sweet, deliciously flavored and practically seedless.

PRICES: 6 for \$1.25; 12 for \$1.98; 25 for \$3.75; 50 for \$7.00; 100 for \$11.95; 500 for \$47.50.

OZARK HUCKLEBERRY

Unexcelled for its unique flavor. People familiar with it say there is no other fruit that will compare with it for jams, pies and fruit cakes. A very prolific bearer that will grow in practically any soil.

PRICE: 39c each; 12 for \$1.95.

PIXWELL GOOSEBERRIES

Introduced by the U. S. Department of Agriculture and has the advantage of standing the hot, dry weather so much better than it succeeds 500 miles further south and west. Berries are medium size, excellent for cooking and best for pies.

PRICES: Jumbo, 2-yr., 79c each; 3 for \$2.19; 5 for \$3.50. Good, 1-yr., 59c each; 3 for \$1.59; 5 for \$2.50.

THORNLESS BOYSENBERRY

A large delicious fruit with a grand advantage in cultivating and picking. Being absolutely free of thorns, it is easy to handle with your bare hands. The bushes are so hardy that they will grow anywhere, producing tremendously large size berries of tempting goodness. Excellent for eating fresh, jellies, jams, preserves and freezing. Also grand for shipping and marketing. Will make a 6- to 8-foot growth the first year and produce a heavy crop the second. It pays to plant Ozark's healthy plants.

PRICES: 6 for \$1.05; 12 for \$1.95; 25 for \$3.75; 50 for \$7.00; 100 for \$11.95; 500 for \$47.50.

LAWTON BLACKBERRIES

A heavy yielding Blackberry that is probably the most widely grown commercial Blackberry. Berries are of enormous size, glossy jet-black, and of sweet pleasing flavor. Very firm and outstanding for their ability to be sent to distant markets, remaining in good condition. Always command highest prices and grand for home planting. Ripens in July.

PRICES: 6 for 95c; 12 for \$1.79; 25 for \$3.25; 50 for \$6.00; 100 for \$10.90.

STUART

A heavy producing, fast growing variety that originated in Oklahoma and has proven over and over to be the best suited for the Southwest. The nut is large, thin-shelled, and always well filled. Highly resistant to all disease and a consistent bearer of supreme quality Pecans. Very profitable variety for commercial or home planting.

Stuart

Success

SUCCESS

A truly large, plump, thin-shelled Pecan that releases its kernel perfectly. Ripens a few days later than Stuart and is highly resistant to disease. Tree is vigorous grower and an ideal specimen for yard planting.

SCHLEY

An exceptionally healthy, strong grower, that is a heavy producer. Bears younger than most paper-shell varieties. The shell is thin, easy to crack and the meat is of excellent quality.

Schley

Desirable

DESIRABLE

A regular and heavy producer of large, round, fat Pecans that bring top market prices. Its flavor is unique and the leader in new varieties. To get the utmost from Desirable, plant on well-drained soil and with Schley for perfect pollination.

TREES • Wonderful For Shade • Pay Big Profits

HARDY ENGLISH WALNUTS

No doubt you have often eaten English Walnuts which are grown on the West Coast. There is no need to buy shipped-in Walnuts any longer. With our new strain, found where the temperatures drop to much below zero in the Carpathian Mountains of Poland, you can grow them right in your own yard.

Our trees are propagated from a selected tree, which is a direct descendent from the original seed that was sent from the Carpathian Mountains. This selected tree started bearing very young, and bears heavily and regularly. Nuts are thin shelled and vary in size from that of the California English Walnut to three times its size.

Since the trees are not always fertile, we advise planting more than one tree for perfect pollination and guaranteed success. Trees grow very rapidly and develop into quite large specimens, magnificent for lawns. Often start bearing next year after planting and require practically no care.

PRICES: 3 to 4 ft., \$4.50 each; 2 to 3 ft., \$3.25 each.

English Walnuts

English Walnut Tree

Imagine two of these beautiful trees above on your lawn. Wouldn't they be wonderful for your children to play under in the cool shade during the hot summer months. Better yet, they would furnish enough English Walnuts each year to pay the taxes on your home over and above the tasty Walnuts your family would eat.

BUTTERNUT (White Walnut)

The nuts are large, long and nutritious. Much sought for eating fresh and to be used in baked goods, desserts and confections. Trees are lofty and spreading with a tropical appearance. Plant two for best results.

PRICES: 3 to 4 ft., \$1.69 each; 3 for \$4.50.

Hazelnut

HAZELNUT (Filbert)

Round, sweet kernels, easily removed from thin shell and delicious for many uses. Plants are ornamental with deep green foliage and compact, bushy habit of growth. A group of three makes an effective corner planting in your yard.

PRICES: 2 to 3 ft., \$1.25 each; 3 for \$3.25.

THOMAS BLACK WALNUT

Our improved grafted Black Walnut is a rapid grower and a heavy producer. It bears young, usually the second year after planting. The nuts are immense size, crack easily, and the kernels come out in halves. Deliciously flavored. Will grow anywhere.

You could easily have 15 to 40 bushels per year from a mature tree right in your own yard, and they sell for \$4.00 or more per bushel. Plant one and increase the value of your property.

PRICES: 4 to 5 ft., \$4.50 each; 3 to 4 ft., \$3.95 each; 2 to 3 ft., \$3.00 each.

Thomas Black Walnut

CHINESE CHESTNUT

These new blight-resistant trees will bear nuts from two to five years after planting. They are a fast growing tree and an ideal plant to take the place of the old-fashioned American Chestnut that was almost completely destroyed by blight. This new introduction by the U. S. Department of Agriculture is not only blight-resistant, but produces good quality, fine flavored nuts that are much larger than the American Chestnut. Will grow anywhere Peaches will in the United States.

PRICES: 3 to 4 ft., \$1.79.

Improved PEACH VARIETIES

Bear Young - Heavy Producer - Orchard Tested and Proven

When we say tested and proven we mean exactly that. For many years we have had commercial orchards. In these orchards we not only try new varieties but keep testing the old ones. Many leading commercial orchardists depend on us for new and improved, true-to-name varieties. Our trees are exceptionally nice this year but the supply is limited—order early and remember the big trees will give quickest and best results. Plant Peach trees 20 to 24 feet apart.

➤ **BELLE OF GEORGIA.** The favorite white Peach from coast to coast. A heavy producer of large, creamy white Peaches with a red blush. Its excellent flavor makes it a favorite with both home and commercial growers. We highly recommend this freestone Peach that ripens around July 30th.

➤ **CHINESE CLING.** A huge, round, white Peach with a juicy, yet rather firm flesh. Its flavor is unique and far surpasses all other white Peaches for canning or freezing. Each year we have more and more calls for this Peach at our own commercial orchard. Ripens about July 25th.

➤ **EARLY ELBERTA.** A large smooth-skinned Elberta without the bitter pit. Almost identical in form with Elberta, but ripens about three weeks earlier. A strong growing and good bearing tree, with fruit of a smooth rich flavor and good shipping qualities. Freestone.

➤ **ELBERTA.** The sensational moneymaker of all times. More popular and widely planted than any other Peach. Fills millions of jars every year. You can't go wrong with Ozark's improved strain of this grand old favorite. In fact, we like it so well, that over 210 acres of this variety is in our own commercial orchard. Freestone, ripening about August 5th.

➤ **FAIRHAVEN.** A new outstanding freestone Peach that is self-pollinizing. This vigorous tree has an outstanding production record in our own orchards. Even more frost resistant than the famous Hale-Haven. Fruits are large, nearly round and mostly red cheeked. This Peach stays firm when shipping. Ripens one week before Hale-Haven at a time when Peach prices are highest. Get started with Fairhaven this year.

➤ **GOLDEN JUBILEE.** A beautiful yellow freestone Peach ripening about July 15th. One of the best shippers among the early varieties. Its good flavor and size plus its excellent quality make it a favorite for both commercial and home planting.

➤ **HALE-HAVEN.** This outstanding Peach has proven so valuable for both home and commercial orchards that we have a large acreage in our own commercial orchards. Splendid for canning and can be shipped to distant markets and still remain firm. A heavy producer of large, beautifully colored, yellow-fleshed Peaches with a delicious flavor. Extremely hardy. Commands highest prices and will mean profit to you in a home or commercial planting. Freestone, ripening July 20th.

➤ **J. H. HALE.** A giant sized Peach with an enticing flavor and attractive yellow flesh that looks the prettiest canned of any Peach you have ever seen. Very firm meat and stands long shipments. Heavy bearer and a good grower. Why not profit with a Peach that brings highest prices? Freestone, ripening August 1st.

➤ **OZARK GIANT.** A huge Peach—many weighing a pound each. Almost twice the size of Elberta. Ripens about one week after Elberta, lengthening the season for eating fresh, canning, freezing, and bigger profits. Has an exquisite flavor, brilliant red and gold coloring and almost fuzzless, smooth skin. Ozark Giant will make a big hit in your home orchard.

➤ **RED HAVEN.** A smooth-skinned, almost fuzzless, yellow freestone of fine quality. Ripens uniformly about July 5th. Fruit is ready to pick while still firm and easy to handle. Wonderful for dessert and freezing too.

➤ **REDSKIN PEACH.** A Peach with a luscious, juicy flavor so rich and distinctive that it's more than just a taste. This new, beautifully colored red Peach is another big step in our constant effort to achieve new and better varieties for you. A freestone Peach with giant size and glorious color. Attains its full color at maturity, and is extremely firm when tree ripened. We urge you to try this wonderful new Peach that ripens a few days after Elberta. **PRICES:** Best, 6-8 ft., \$2.95; better, 4-6 ft., \$2.50; good, 3-4 ft., \$2.00; bargain, 2-3 ft. \$1.50.

A NEW OZARK INTRODUCTION

Golden Honey

Another one of Ozark's new and improved fruit sensations. The best and most deliciously flavored Peach ever grown. For years Ben Davis has strived to produce a premium Peach, and he feels this is the climax of his career.

In our test orchard, one young tree produced the outstanding number of 20 bushels of these huge, luscious Peaches, and they averaged 50 cents more per bushel than any other variety on the market. We sold \$721.27 worth off one acre of these heavy bearing trees. Without a doubt this excellent producer and shipper is going to be the leading commercial Peach of the future.

Golden Honey is a sweet, rich yellow Peach with rosy red cheeks and yellow flesh that looks extremely beautiful canned in glass jars. Mrs. Davis says: "Golden Honey is the finest and prettiest canning Peach ever canned." After you have eaten one you'll agree that it has the most unique flavor you ever tasted.

This big handful of luscious honey cling is by far more frost resistant than most Peaches. We have had a crop of Golden Honey every time the seedlings have had Peaches on them. Try some and see if you don't agree that Golden Honey is the most wonderful Peach ever grown.

A NEW INTRODUCTION - HEAP BIG INDIAN

The wonder Peach of Oklahoma and truly a great one started right here in the Cherokee Nation. Ben Davis found this grand Peach as a seedling in an Indian's yard in Tahlequah several years ago. After seeing its immense size and tasting its flavor, he immediately decided this Peach must be propagated. Then a number of years passed while it was in our test orchard before we offered the trees for sale in the nursery. We wanted to see if it had any short-comings, but after thoroughly testing Heap Big Indian, we found it had absolutely no weakness and was the largest Indian Peach we had ever seen. Wonderful for Peach pickles. Ripens about August 1st.

PRICES: 6-8 ft., \$2.35; 4-6 ft., \$1.95; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

SUMMER, FALL and WINTER APPLES

Big Thrifty Roots

For Fresh Apples the Year Around

An Apple tree will give you pleasant shade, lovely blossoms in spring, and a crop of Apples, too; so why not plant one in your yard? Our Apple trees are exceptionally fine this year, all are branched, well rooted trees that will soon start bearing. But remember, the big trees give you quicker and best results. Plant Apple trees 25 to 30 feet apart.

SUMMER VARIETIES

➤ **EARLY HARVEST.** A tremendous producer of medium to large, beautiful orange-yellow Apples. Tender, juicy flesh with a luscious flavor. Fine for eating fresh and exceptionally good for cooking. A healthy tree that fruits in June.

➤ **LODI.** A greatly improved Yellow Transparent with almost twice the size. Fruit is tender, juicy and richly flavored, making it perfect for eating fresh, pies, cobbles, jelly and Apple butter. Ripens in June when you are anxious for early Apples. A rich yellow, firm Apple that sells and ships well. Outstandingly strong, spreading grower.

➤ **RED JUNE.** Our earliest red Apple and a good one. Ripens in June when you really want a fresh, juicy Apple. Fruit is medium sized with a remarkable flavor. A tasty Apple that should be in every home planting. Especially good for cooking.

➤ **YELLOW TRANSPARENT.** Most popular early summer Apple. Ripens in June and is a young, heavy and steady bearer. Its fruit is medium sized, tender and juicy with an excellent flavor, making it a grand cooking Apple.

➤ **SUMMER CHAMPION (HOLLAND).** The wonder Apple of the South. Has proved to be a consistent, heavy producer of huge, red, smooth, firm, juicy-fleshed Apples. Its delicious flavor pleases every taste. A good packer and shipper; the best commercial Apple on the market today. Ripens in August. Try some of these strong, healthy growing trees and see for yourself what a wonder Apple Summer Champion really is.

Ozark Ruby - New Summer Apple

Another new fruit sensation which we think is the greatest find in Apples for over half a century. Ozark Ruby is a large brilliant red Apple all over with a satin-smooth finish that polishes to a glistening scarlet. Ripens a week before Jonathan when Apple prices are highest. Colors early and hangs on the tree exceptionally well, prolonging the harvesting season for the commercial grower.

Ozark Ruby has proven to be a consistent, heavy producer of luscious, firm, juicy-fleshed Apples with a flavor that pleases even the most particular taste. Grand for eating fresh, extraordinarily good for canning or freezing, and makes the most beautiful red Apple sauce you have ever seen.

A strong, vigorous grower that is self-fertile. Our supply of this grand Apple is limited; so order early.

FALL VARIETIES

➤ **DOUBLE RED JONATHAN.** A bright red Apple of excellent quality and tender, juicy, spicy-rich flavor. Grand for eating fresh, but yet contains enough acid to make it fine for cooking. Splendid family orchard variety and highly profitable for market. Very productive and bears young. Ripens in August.

➤ **GRIMES GOLDEN.** A famous spicy Apple that is wonderful for eating fresh and contains just enough acid to make it fine for cooking. Excellent for pies and Apple butter. Known as the "Queen of Quality" and probably the best all-around Apple. A grand commercial Apple and the choice for home orchards.

➤ **TURLEY WINESAP.** Strongly recommended by Oklahoma A. & M. College. To much cannot be said of this wonderful all-around Apple, with its large, firm and uniform fruit. Crisp and juicy, this Apple is much in demand for cooking, storing or eating fresh. Ripens in October.

WINTER VARIETIES

➤ **DOUBLE RED DELICIOUS.** The red Apple that is superior to all others for quality. Deemed the Red Apple King from coast to coast. Has never been equaled for magnificent color, mammoth size, crackle-crisp flesh, and deeply exciting sugar 'n spice flavor. A consistent and heavy producer all over the United States. Ripens in September.

➤ **SOLID RED MCINTOSH.** A large, highly aromatic, bright red Apple with white flesh, fine grained, very tender, juicy and refreshing. Very hardy, bears young and annually—good for both cooking and eating. Ripens in September.

➤ **GOLDEN DELICIOUS.** Famous for its unique quality. This big, beautiful golden Apple has a luscious flavor that no one can resist. Bears young and heavily. In demand on every market and brings highest prices. The best of the Delicious varieties for the Southwest.

➤ **WINESAP (IMPROVED).** One of the oldest and most popular Apples. A wonderful eating and cooking Apple. Noted for its keeping qualities. This improved strain has more rich red color, larger size and even longer keeping ability. A heavy and regular producer.

RUBY RED CRAB APPLE

Unexcelled for its luscious ruby-red jelly, preserves, jams and pickles of which any housewife would be proud. Pink blossoms and ruby red fruit make it very ornamental for yard planting. A heavy producer of large Crab Apples, ripening July 5th.

The Best PEAR Varieties

- ➔ **DOUGLAS PEAR.** A gorgeous golden colored Pear with mellow, sweet, juicy white flesh. A handsome Pear of medium size that generally bears the first year. Immune to frost, very resistant to blight and stands dry weather well. A Pear that should be in your planting.
- ➔ **GARBER.** An ideal Pear to add beauty and mouth-watering fruit to your garden. Garber has a beautiful golden yellow color with a slight blush of red. Rich, juicy flavor with a smooth and luscious flesh. The Pear suited for every need. Eating, canning, preserving, good for shipping and winter storage. In demand on any market as well as in the home.
- ➔ **KIEFFER.** A sure bet for heavy, consistent crops of large, yellow, white-fleshed Pears adapted to all sections. Excellent for cooking, good for winter storage and very sweet and mellow to eat after being picked for a while. Tree very hardy and amazingly vigorous. Plant Garber with it for pollination.

SURE CROP PEAR

Another new improved fruit sensation. The only Pear to have all the best qualities of Pears combined into one. For several years we have had it in our test orchard and it has proved to be a consistent, heavy producer of huge, yellow, juicy fleshed, amazingly delicious Pears that ripen evenly. Its delightful flavor pleases every taste, and many women have said it is tops for canning and preserving with a small core and no waste. This is not all, it stores well, hauls well, and it is good to eat juicy ripe. Sure Crop starts bearing young and has never completely missed a crop in Tahlequah for 24 years. It blooms with Apples but not all at once. Some blossoms are on the trees after first fruits have set. Each year there has been a strong demand for these Pears on the market. By far more resistant to blight than any other variety. Vigorous grower and more spreading than most Pears. The only weak point Sure Crop has is its crooked shape when small, but it straightens up and its colorful foliage makes it an ornamental asset to any yard. Try some.

Ozark Full Flavored PLUMS

- ➔ **AMERICA.** The wonder Plum of the Southwest. Extremely attractive for market with its golden yellow color and cherry-red cheek. An exceptionally heavy bearer that produces sweet, juicy, solid Plums of high quality. Wonderful for canning, Plum butter, preserves and jelly. Very hardy, large, vigorous trees. Ripens in July.
- ➔ **BRUCE.** The South's best red Plum, ripening in June when you are really hungry for a big, fresh, juicy-ripe Plum. So delicious that it will make your mouth water and it is grand for jellies and jams. A healthy tree that bears young and produces huge fruit. Strong, healthy grower and a sure cropper. Its tantalizing flavor makes it tops for eating juicy-ripe off the tree.
- ➔ **DAMSON.** An extremely heavy producer that grows anywhere and seldom misses a crop. Fruit is deep purple, rich and juicy. Very hardy, vigorous and easy to grow. Every home should have Damson for jams, jellies and preserves. Big profit maker for commercial growers too. Ripens in August.
- ➔ **GOLD.** A golden yellow Plum with a luscious flavor. This Plum makes the prettiest and best jelly it has been our good fortune to see and taste. This hardy bearing tree ripens in July.
- ➔ **HANSKA.** An Apricot-Plum of high quality and delicious reddish blue fruit. A strong, healthy grower and sure cropper. Its tantalizing flavor makes it tops for eating juicy-ripe off the tree.
- ➔ **SANTA ROSA.** A big, beautiful, dark red Plum with firm, sweet flesh. This is the same Plum that is shipped in from the coast to your local grocer. It has proven to be hardy, vigorous and very productive in our locale. One of the best for cooking, eating or canning. Ships wonderfully and ranks high on any market.
- ➔ **SAPA.** A bountiful producer of dark, rich purplish red Plums of good quality and fine flavor. Never a better Plum for making the most delicious, mouth-watering jelly you have ever eaten. Its excellent flavor makes it grand for eating fresh, also. Very hardy tree that seldom misses a crop. Ripens the last of June.

HOWARD'S MIRACLE

The Most Sensational Fruit of a Decade

The introduction of this grand new fruit marks a new era in the advancement of fine fruits for the table. The tantalizing and delicious flavor, the great size, the firm amber flesh, combined with the red and yellow color, places "Howard's Miracle" in a class by itself.

Those fortunate enough to have eaten this fruit offer various comments as to its flavor. Some say the taste is like Pineapple, others compare the taste to a Peach, Plum and Nectarine combined.

Has excellent keeping qualities and makes delicious preserves. Fruit is large, averaging from 2½ to 2¾ inches in diameter. Fast growing and quick bearing trees. Also a beautiful ornamental tree of medium size. In autumn richly tinted. Bears through June and July.

Delicious NECTARINE - APRICOT and FIG

NECTARINES

- ➔ **SURE CROP.** A Plum and Peach cross with the smooth skin of a Plum and a seed like a Peach. Has a beautiful dark red color and an unusually pleasing flavor. Is a freestone, bearing after the second year. A splendid fruit for canning, eating and cooking. Also its big, beautiful, pink blossoms in the spring make it an ideal ornamental tree. You can't afford to be without one. 6-8 ft., \$2.50; 4-6 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

CHINESE DATE (Hardy Jujube)

An entirely different fruit from the far East, about 1 to 2 inches long, chocolate colored. Delicious eaten fresh but really a tasty treat in preserves on hot biscuits, they become a "must" for your breakfast.

The tree is a heavy and consistent producer and starts fruiting at an early age. Every home should have one or more trees.

PRICE: 2 to 3 ft., \$1.98 each.

OZARK'S EVERBEARING FIG

Eat Figs this summer from your own trees. Yes, you can have big, soft, fresh, delicious Figs from July to frost the first year with Ozark's Everbearing Figs. Hardy and produces abundant crops. They should be protected during the first and second year's growth in the colder areas. Very sweet, and tops for preserves.

PRICES: 18 to 24 in. Bearing Size \$0.98

JAPANESE PERSIMMON

A very hardy variety with a most delicious flavor. The tree is very attractive with large, green, waxy leaves similar to a Magnolia, but literally covered with big orange-red Persimmons that hang until soft ripe. In the fall the leaves turn all shades of lovely colors. If you want a tasty treat, plant some Jap Persimmons.

PRICE: 4 to 5 ft., \$1.98.

APRICOTS

- ➔ **EARLY GOLDEN APRICOT.** The best variety for Oklahoma, with a tantalizing rich golden color, light blush. For flavor it is simply the finest, fresh, canned or frozen. If you have space for only one Apricot, plant Early Golden. 6-8 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

- ➔ **MOORPARK.** A large, richly colored, fine flavored Apricot that will produce good crops almost every year. Thoroughly adapted to our climate and its yearly production of big, juicy, delicious, orange-yellow fruit is just what you have been looking for. Good for home use besides being the leading commercial Apricot. 6-8 ft., \$2.50; 4-6 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

PRUNES

- ➔ **PURPLE GIANT PRUNE.** A sturdy, vigorous tree that thrives where other Prunes fail. Bears second year and produces large, beautiful, sweet golden fleshed Prunes. A delightful treat. 6-8 ft., \$2.50; 4-6 ft., \$1.98; 3-4 ft., \$1.50; 2-3 ft., \$1.25.

BLUE VARIETIES

CONCORD. America's old standby and the leader for Grape juice. Unusually hardy and superior in withstanding diseases which accounts for regularity in bearing. To really appreciate this grand Grape, you need some hot biscuits covered with delicious Concord Grape jelly. Wow! Food for a King. Plant Concord this year, and have your Grape jelly from good home grown Grapes.

FREDONIA. This large, sweet, juicy-fleshed Grape ripens two weeks ahead of Concord when everyone is hungry for a bunch of home-grown Grapes. Ripens evenly, will outbear Concord by 50 per cent and is by far the best Grape for dry sections of Oklahoma, Kansas and Texas. Deliciously flavored with lots of juice and makes the best Grape jelly you ever tasted.

RED VARIETIES

CATAWBA. A favorite known far and near for its excellent eating qualities, making it the most popular table Grape. Exceptionally heavy producer of luscious, sweet, delightful Grapes.

WHITE VARIETIES

NIAGARA. A clear, almost transparent Grape that has always been the leading white Grape. Ripens same time as Concord.

THOMPSON SEEDLESS

A sweet, delicious, seedless white Grape, known the Nation over as one of the finest of table Grapes. Now, for the price you would pay for only a few bunches of these Grapes in a store, you can enjoy delicious home-grown Grapes year after year. Plant some on your back fence.

Ozark's SPACE SAVING DWARF

Everybody likes home grown fruit. It tastes better when tree ripened and saves money too. The newest innovation in home fruit tree growing is Dwarf Fruit Trees. You can plant a whole orchard in your back yard—for five trees can be planted in the same space as one standard size tree. They bear even quicker, often the first year after planting, yet the fruit is generally larger than grown on big trees, and with the same delicious flavor. Trees are dwarf, so small that you don't even need a ladder to pick the fruit and care for the trees, yet strong and sturdy enough to give you bushels of big, luscious fruit. Moreover, these dwarf fruit trees are ornamental. They have beautiful flowers in the spring, the trees are shapely and you get delicious home-ripened fruit besides. Enjoy these easy-to-pick dwarf fruits without delay. Order today.
